# LET'S TALK ABOUT ANCHOR HOCKING

Since Anchor Hocking began in 1905, we've had a focus on two things: reliability and innovation. Founded in Lancaster, Ohio, we've grown from a small manufacturing operation to a leading supplier of glassware in the United States. We've done it by repeatedly staying on the edge of craftsmanship while keeping our core products proudly made in America.

Innovative can also be durable. Utility can also be smart. Style can still have function. Take a look through this year's product offering to see how we continue to innovate.

From our family to yours, thank you for supporting us through the years. We look forward to partnering with you for many years to come.

## HIGHEST QUALITY, PULLED STEM GERMAN LEAD-FREE CRYSTAL

“Our Flavor First® Collection is the next step forward in wine glass evolution. It’s based on the simplest realization of all— that flavor is what matters most. You know the kinds of wine flavors you like. We know how to design wine glasses based on flavor. The result is our Flavor First® Collection— the first wine glasses that make finding the optimal wine glass easy. We think choosing the right wine glasses should be as simple as drinking the wine itself. Cheers!”
